GLOBAL ECONOMY OVERVIEW

Global growth this year recorded its weakest pace since the global financial crisis a decade ago, reflecting common influences across countries and country-specific factors.

The financial year 2019-20 began with apprehensions of a slowdown, mainly over the US-China trade war and concerns over Brexit, and ended with an almost catastrophic blow to the world economy because of the novel coronavirus pandemic. The combination of these factors made 2019 the year of slowest growth since the financial crisis of 2008. In its April 2020 outlook, the International Monetary Fund (IMF) calculated a global economic growth of 2.9% in 2019, down from 3.6% in 2018, and negative growth of 3% in 2020. Rising trade barriers and associated uncertainty weighed on business sentiment and activity globally. The slower growth was attributed to a lag in global manufacturing and trade, muted economic activity in a few emerging markets and international trade disruptions. The ongoing efforts of mitigating the slowdown were derailed by the COVID-19 virus which first came to light in China in December 2019 and has now spread to more than 190 countries. To save human lives through self-isolation, all activities barring the most essential were shut down in many countries, causing a massive erosion of employment and income, and hitting most business sectors. As a result of the pandemic, the global economy is projected to contract sharply much worse than during the 2008–09 financial crisis. A long-term impact on consumer demand and investor confidence as well as the global supply chain is unavoidable. According to an analysis from the United Nations Conference on Trade and Development (UNCTAD), commodity-rich exporting countries will face a USD 2-3 trillion drop in investments in the next two years. IMF has projected that the global economy will grow by 5.8% in 2021 supported by fiscal and monetary measures, provided the contagion recedes in the second half of 2020. **(Source: IMF, World Bank)**

INDIAN ECONOMY OVERVIEW

The Indian economy grew at 4.2 per cent in 2019-20, lower than the 6.1 per cent figure registered in 2018-19, as the Covid-19 pandemic adversely impacted economic activity in the last month of the fiscal year, especially manufacturing and construction. The full-year GDP growth is the lowest India has registered in 11 years. The Central Statistics Office had earlier forecast that the economy would grow at 5 per cent in 2019-20. In the January-March quarter, GDP grew at 3.1 per cent as against 5.7 per cent in the corresponding year-ago period. Economists expect a massive contraction in the first quarter of 2020-21 due to the two-month lockdown, which is likely to pull down the full-year growth to a 5-7 per cent contraction. The Reserve Bank of India's monetary policy committee refrained from providing any growth projections for the first time in its history, citing the huge uncertainties around the pandemic and its impact on various sectors. The data from the Central Statistics Office showed that while agriculture grew at 4 per cent, manufacturing growth was stagnant at 0.03 per cent. Growth in private final consumption expenditure decelerated to 5.3 per cent from 7.2 per cent a year ago, while government final consumption expenditure grew at 11.8 per cent as against 10.1 per cent the previous year. Gross fixed capital formation — a key measure of investment demand in the economy — contracted by 2.8 per cent in 2019-20. Exports and imports also contracted by 3.6 per cent and 6.8 per cent respectively. Nominal GDP growth for the full year also slowed to 7.2 per cent to ₹ 203 lakh crore in the fiscal, as against 11 per cent growth the previous year. For the January to March quarter, agriculture grew at 5.9 per cent. Manufacturing and construction, considered to be labour-intensive, were both impacted by the pandemic and lockdown, contracting by 1.4 per cent and 2.2 per cent respectively. The growth in 'Trade, Hotels, Transport, Communication and Services related to Broadcasting' also decelerated to 2.6 per cent in the fourth quarter from 6.9 per cent the previous year, with tourism being one of the worst-hit sectors due to the pandemic. Financial, Real Estate & Professional Services also grew at only 2.4 per cent as against 8.7 per cent earlier. Growth in private final consumption expenditure decelerated to 2.7 per cent while government final consumption expenditure grew at 13.6 per cent. Gross fixed capital formation contracted sharply by 6.5 per cent. **(Source: ADB, World Bank)**

GLOBAL CHEMICAL INDUSTRY:

In the chemicals sector, value chains are being reconfigured as sustainability, economic and geopolitical trends, new technologies and changing consumer demands are challenging companies' bottom line and future profitability. The coronavirus has added even more complexity, causing significant disruptions to operations and necessitating a reevaluation of complex global supply chains with a focus on risk management. To navigate this uncertainty, chemicals companies will need to redefine their value chains and business models, adapt to the circular economy, capture the opportunities from digital technology, and upskill their people. The expansion of chemical plant construction — fueled by record shale gas production in the US, the commercialization of crude-to-chemical technologies and lower plant utilization rates — has created overcapacity in the chemicals sector. Meanwhile, global chemicals production is expected to increase by 2% in 2020, compared to 1.2% in 2019;1 of course, this expectation is likely to change given the unfolding global recession. This risk of recession, pessimism about growth in China and slumping end markets are creating an era of uncertainty. Concerns about volatile commodity prices and climate change are adding to the unease, as is COVID-19 — the full economic impact of which is still unknown as of this writing. According to the Annual Global CEO Survey, 33% of chemicals CEOs are not very confident about their company's prospects for revenue growth in the next 12 months. This is more than quadruple the share (8%) who responded similarly in last year's survey. And this was before the first cases of coronavirus made headlines — the

survey was conducted in September and October of 2019. As they weigh their options, chemicals leaders will need to consider shifting preferences among consumers who are increasingly focused on the environmental impact of the products they use. One manifestation of this trend is the growing global movement to ban single-use plastic straws, utensils, bags and bottles. The EU, India and China have all announced bans that will take effect over the next few years, joining other territories that have already taken similar steps. (Source : Survey Report of PWC & Co)

INDIAN CHEMICAL INDUSTRY:

India is an attractive hub for chemical companies. The chemical industry is a global outperformer regarding total returns to shareholders (TRS), and this has resulted in high expectations for sustained, continual growth. The macro perspective on India indicates that while the short-term outlook is challenging, the country's long-term-growth story remains positive. Until 2014, TRS growth was primarily underpinned by an increase in top line. Over the last five years, the triple effect of margin expansion, an increase in multiples, and continued revenue growth has raised TRS (exhibit). Between 2006 and 2019, the compound annual growth rate (CAGR) in TRS for India's chemical companies was 15 percent—a figure much higher than the global chemical-industry return, with a CAGR of 8 percent, and the overall global equity market, with a CAGR of 6 percent. Even between 2016 and 2019, when India's economy faced headwinds, the chemical industry maintained a CAGR of 17 percent.

The growth is likely to continue despite the economic challenges that caused India's GDP growth rate to drop to 4.5 percent in the third quarter of 2019. A long-term perspective indicates that India has averaged an annual GDP growth of 7 percent for the last 30 years. The country is also working on becoming a \$5 trillion economy. This long-term optimistic scenario bodes well for chemical companies, especially in light of a long investment cycle. Chemical companies can also benefit from rising domestic demand in chemical end-use sectors, India's attractiveness as a manufacturing destination, and its improved ease of doing business. INDUSTRY STRUCTURE AND DEVELOPMENT:

The Indian chemical industry operates in a highly competitive and dynamic business environment. The industry is highly diverse. It has players who are small and medium dealing in various chemical products. It has players who are large multinationals with high-priced new generation products. Your Company is one of the leading players in the industry which has a balanced portfolio of technical along with backward integration for some products. OPPORTUNITIES & THREATS:

Indian chemical sector has moved up from a small scale sector to a multi-dimensional sector, which is taking on the challenges of globalization. With innovation and development, this sector has secured a recognized position in the global chemical sector map. Key drivers for success in the chemical sector include proximity to strong growth markets, greater ease in doing business, and the continued development of petroleum, chemicals and petrochemical investment. Backed by one of the strongest GDP growth rates in the world, the future looks bright for the Indian chemical industry. The Company is preparing to address opportunities offered by new customer needs on the back of robust supply chain and distribution network. Premium product offerings are being developed to gain strengths in distribution channels.

However, there are few factors which hinder the growth of the industry which are as under :

- **Scarcity of Raw Materials:** The raw materials utilized in organic and inorganic chemical industry are not easily available in the Indian market. Major feedstock like naphtha and natural gas are available at a very high price in the country as compared to other countries like, Middle East, China, and other South East Asian countries. Hence scarcity of feed stock makes Indian materials uncompetitive in the global chemical market.
- **Low capacity Utilization:** Due to oversupply of chemical products in global markets, the prices of petrochemicals have witnessed a steep decline. Which in-turn has led the domestic chemical companies to underutilize their plant operating levels.
- **Inadequate Locational and Infrastructural Facilities:** The major Indian chemical industry has been set up along the west coast in Gujarat, while the highest demand of chemicals is in southern and eastern India. This gives rise to logistics, thus increasing the overall cost of production. In addition to that, there are several infrastructural problems faced by this sector viz, the ports do not have adequate facilities, the pipeline connectivity is quiet poor, the power supply is insufficient etc.
- **Complex Regulatory Issues and High Taxes:** The heavy duty tax imposed on various raw materials is higher than the tax imposed on the finished products. This discourages the Indian chemical industry from manufacturing more chemicals because of the high price of raw materials and encourages the import of the same chemicals because of negligible taxes on import of finished products. Plus, the regulatory process is very complex with a number of certificates and licenses that are required for the setting up a chemical industry in India.

As we evaluate the most prominent trends and issues for the chemical sectors, executives in these businesses seem keenly aware of wider macroeconomic and business environmental risks, which seem to be gaining strength. Among these are:

- Weakening economic growth, not only in the United States but also in Europe and China;
- Ongoing, perhaps intensifying, trade tensions, which can create uncertainty, dampen growth, and lead to modifications in long-established supply chains; and
- The many political risks, of course, including the US election cycle, the outcome of the Brexit process in Europe, and tensions in the Middle East between multiple states and non-state actors with different objectives.

SPECIALITY CHEMICALS:

Speciality chemicals are low volume but high-value compounds known as performance chemicals. The speciality chemical sector represents around 20% of the Indian chemical sector. This sector grew at a CAGR of 19% between FY 2016-19. The growth in CAGR is driven by increased adoption of speciality chemicals and their increased utilization in different product categories. Speciality chemicals can be sub-divided based on end-user industries which are driven by consumer demand (it has been highlighted in the figure below). These industries are the largest constituents of the speciality chemicals industry and cumulatively constitute over 80% of the speciality chemicals universe. (Source: Avendus.com)

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its profit, changes in equity and its cash flows for the year ended on that date.

Emphasis Of Matter

We draw attention to note no. 48 regarding the Scheme of Amalgamation (Scheme) accounted by the Company. The Company had in its Board Meeting approved the Scheme of Amalgamation ("Scheme") between Key Organics Private Ltd and Core Chemical (Mumbai) Pvt. Ltd. with Indo Amines Limited. The Scheme was approved by Hon'ble National Company Law Tribunal ("NCLT"), Mumbai Bench vide its order dated 24th April, 2020 with appointed date of 01st April, 2018. In view of above, the Company has accounted for the merger with effect from such date and has accordingly restated its financial statements for financial year FY 2018-19. Previous year's figures are now inclusive of corresponding figures of above-mentioned companies.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter	Description of Auditor's Response
<p>WHO has declared COVID-19 to be a pandemic. The pandemic has resulted in disruption in the operations of entities world-over. In this context, there is a risk associated vis-à-vis making estimates and assumptions in regard to trade receivables and expected credit loss. There is an inherent risk of non-collection of trade receivables (both local and foreign) on this backdrop.</p> <p>Accordingly, the same is considered as a key audit matter.</p>	<p>Our audit procedures included but were not limited to the following</p> <ol style="list-style-type: none"> 1. Understanding the company's processes with regard to trade receivables -both local and foreign. 2. Conducting audit procedures in accordance with SA 560 – Subsequent events. 3. Going through the recoveries made by company from trade receivables in subsequent period to determine whether provisions made by company and disclosures given in financial statements are sufficient and appropriate.

Other Information i.e. Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report, but does not include the financial statements and our auditor's report thereon. The Directors' Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Standalone Independent Auditor's Report (Contd..)

When we read the Directors' Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and to the Members of the Company.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Standalone Independent Auditor's Report (Contd..)**ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF INDO AMINES LIMITED****INDEPENDENT AUDITORS' REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")**

We have audited the internal financial controls over financial reporting of Indo Amines Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Companies Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter	Description of Auditor's Response
WHO has declared COVID-19 to be a pandemic. The pandemic has resulted in disruption in the operations of entities world-over. In this context, there is a risk associated vis-à-vis making estimates and assumptions in regard to trade receivables and expected credit loss. There is an inherent risk of non-collection of trade receivables (both local and foreign) on this backdrop. Accordingly, the same is considered as a key audit matter.	Our audit procedures included but were not limited to the following <ol style="list-style-type: none"> 1. Understanding the company's processes with regard to trade receivables -both local and foreign. 2. Conducting audit procedures in accordance with SA 560 – Subsequent events. 3. Going through the recoveries made by company from trade receivables in subsequent period to determine whether provisions made by company and disclosures given in financial statements are sufficient and appropriate.

Other Information i.e. Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report, but does not include the financial statements and our auditor's report thereon. The Directors' Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it

Consolidated Independent Auditor's Report (Contd..)

becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Directors' Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and to the Members of the Company.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and

Consolidated Independent Auditor's Report (Contd..)

performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF INDO AMINES LIMITED

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2020, we have audited the internal financial controls over financial reporting of Indo Amines Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the of the Holding company and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Holding Company's and its Subsidiary Companies' internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
